WARRIOR

'69

WASHINGTON HIGH SCHOOL
Washington, Oklahoma

Mrs. Marjorie Caldwell

"The true calling of a Christian is not to do extraordinary things, but to do ordinary things in an extraordinary way."

Stanley

Dedication

The WARRIOR staff respectfully dedicates the 1968-69 year-book to Mrs. Marjorie Caldwell, a sincere Christian, a magnetic personality, and an astute teacher, who, for twenty-five years by kindness, by praise, by precept, and by example, has enriched minds, formed character, and created harmonious relationships between student and teacher.

With professional skill, love and patience, pride and decorum, wisdom and dignity, Mrs. Caldwell has devoted the past seventeen years to teaching third grade at Washington Public Schools.

SUPPORT LIGHT on our SUPERINTENDENT

We have seen history made during this school year of 1968-69. Apollo 8 orbited the moon and man has begun to seriously consider what life on the moon would be like. We may never live on the moon, but we should be concerned with how to live peacefully and successfully here on this earth.

In this modern space age, our youth face more problems and more difficulties and have more opportunities than any previous generation has had. Consequently, the duty of parents and educators has become greater, and I feel we are extremely fortunate to have a community where parents and teachers have such high ideals. I am extremely proud of our school and our community. A school like ours is not maintained without the willing cooperation of the students, faculty, and community. I take pride in the ability of our students to accept responsibility, to meet problems and difficulties with courage and determination. No one today can doubt the importance of adequate education. The graduates of Washington High School will, I am certain, be able to go forth with the knowledge and inspiration necessary, to face the challenges of today's world.

I am pleased with the diligence and cooperative spirit of the yearbook staff, and I appreciate the job they have done.

Virgil R. Wells,
Superintendent

In Memoriam

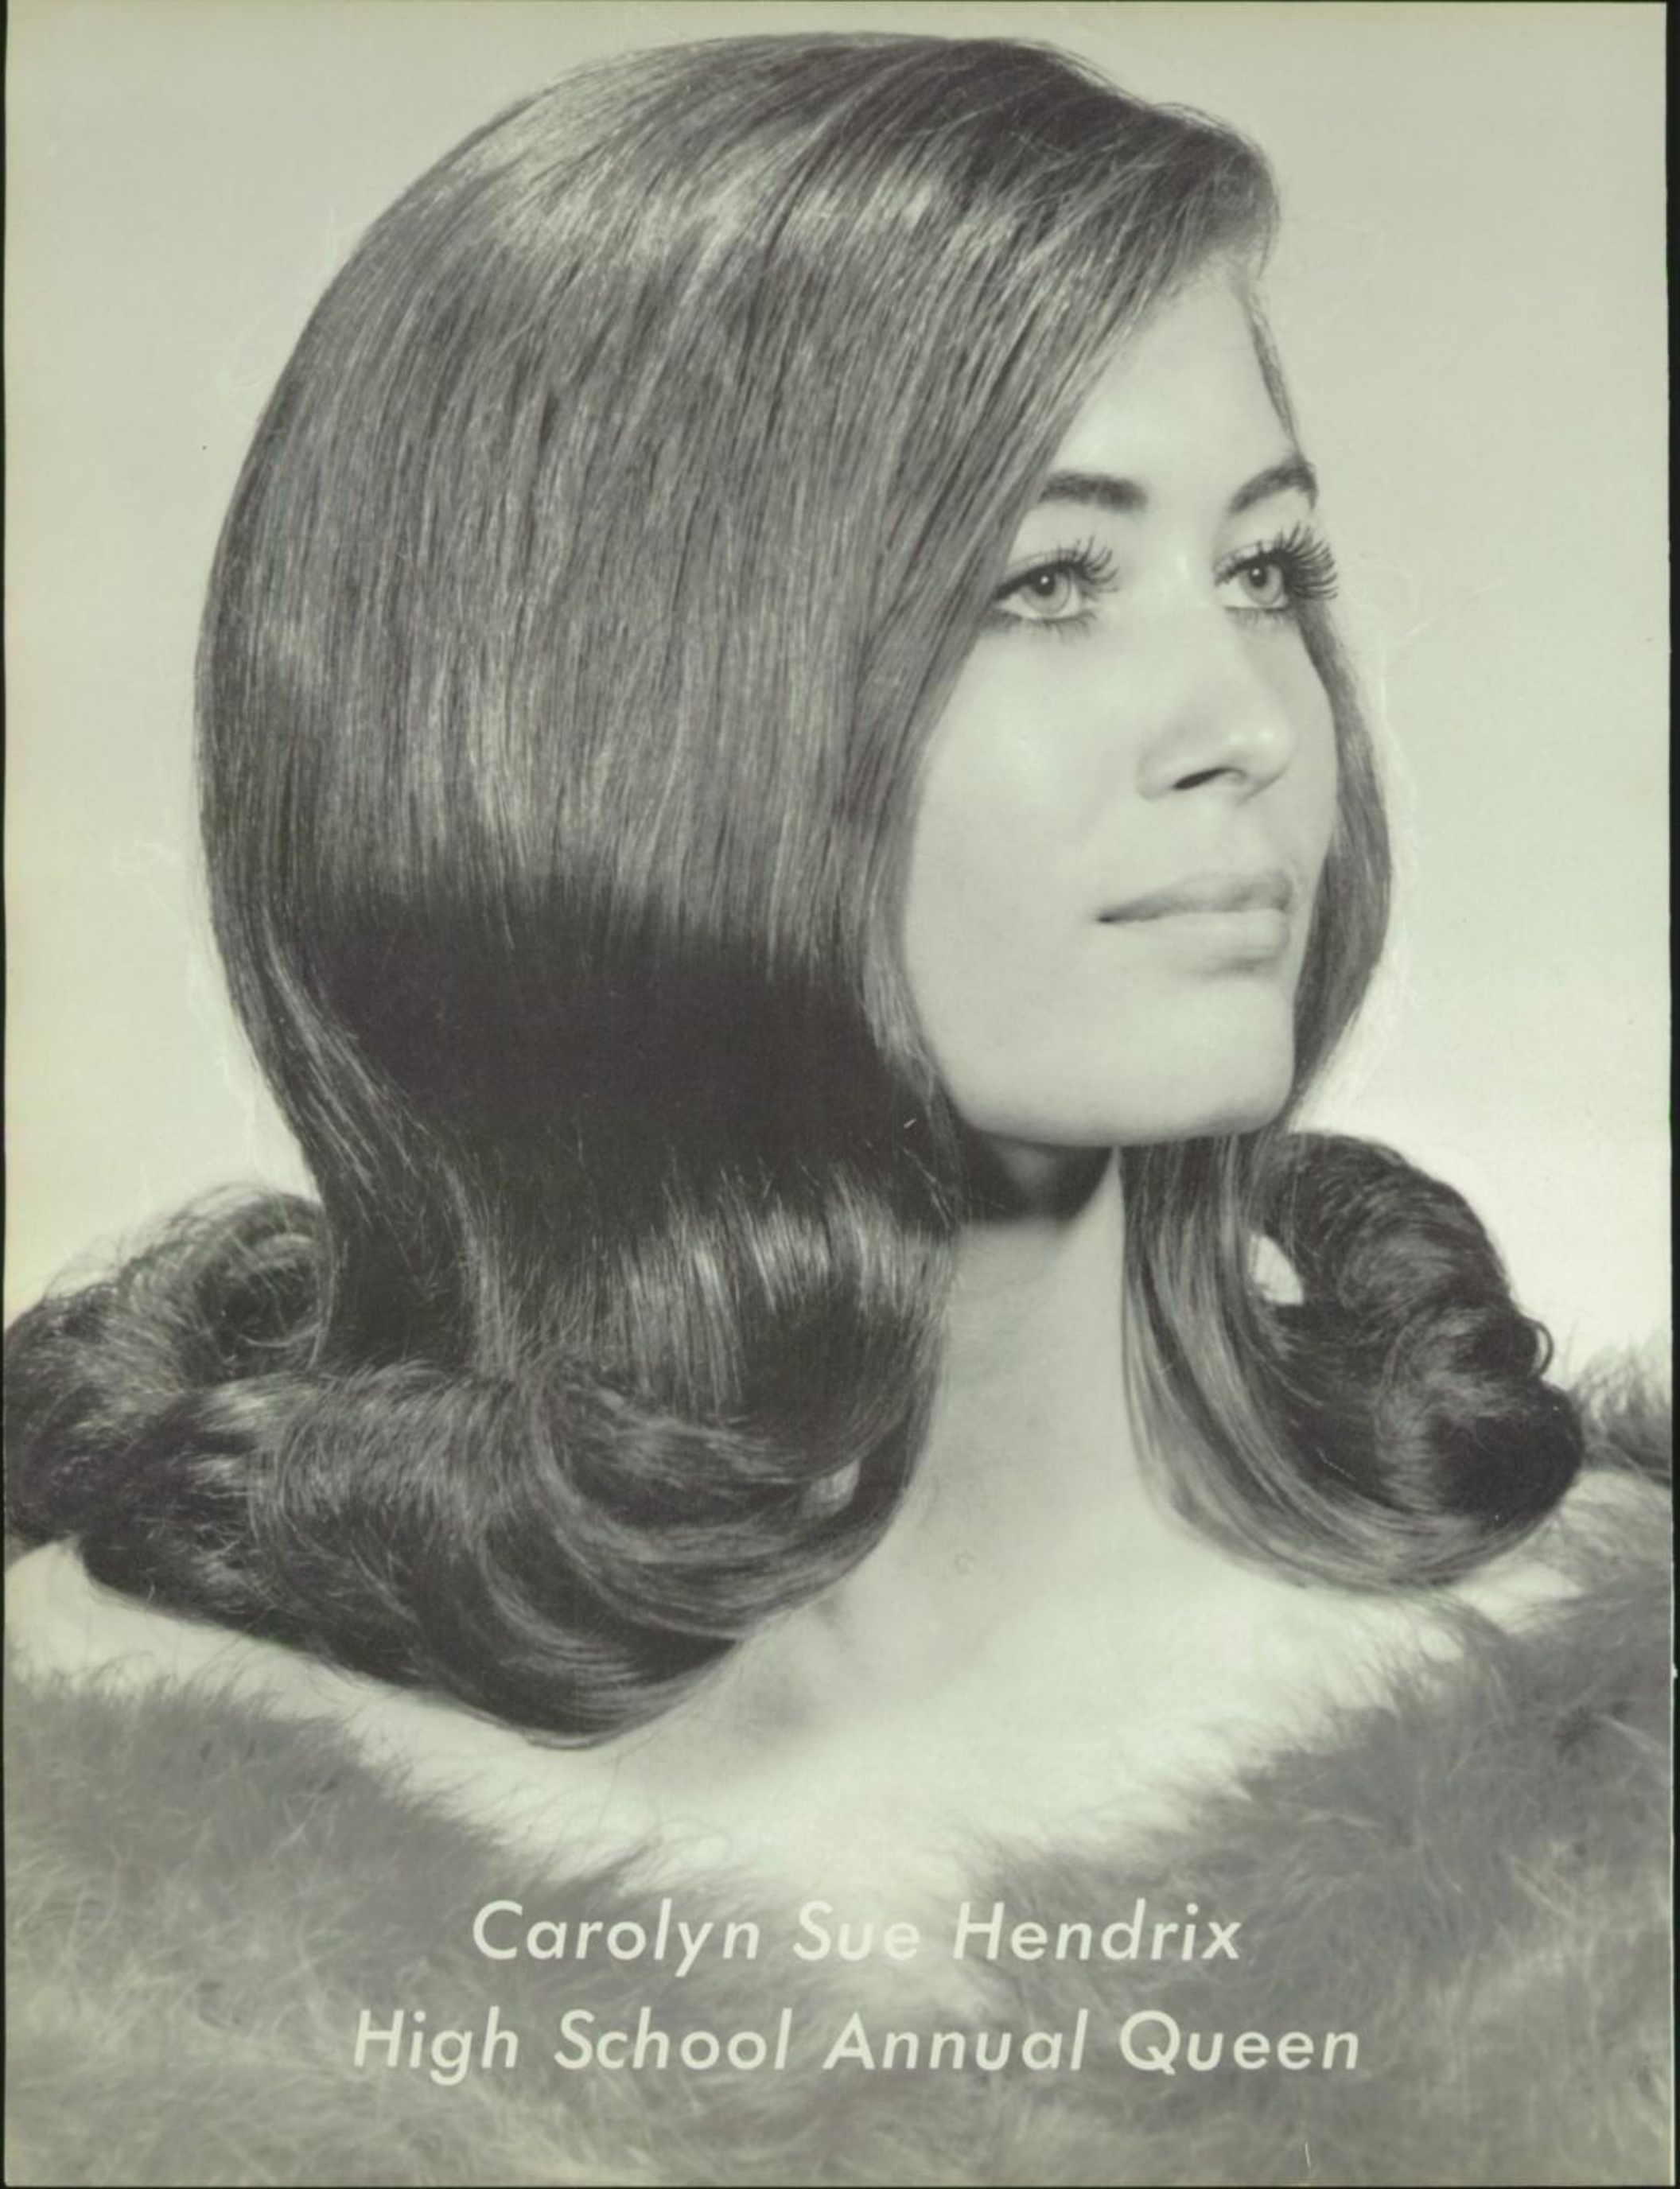

Gladys Mills Stidham
1920-1968

Mrs. Gladys Stidham helped prepare and serve lunches in the Washington cafeteria for several years. A graduate of Dibble high school and Hill's Business College, she was a former president of the American School Food Service Association. She was a Christian and a faithful worker in the Union Hill Baptist Church where she taught a women's Sunday school class. She was kind and considerate, and always had a smile for everyone.

Jerry Michael Chitwood
1947-1968

It is not the length of life but how one lives that matters. Mike, a 1965 graduate of Washington high school, died in Vietnam in May, 1968. Though his life was brief, he lived dedicated to the pursuit of worthy ideals. He heroically gave his life on a foreign battlefield for the cause of freedom and preservation of those ideals. May the memory of his noble sacrifice create within us a spirit of pride and patriotism and cause us to strive for peace and security for our children and our children's children.
